- to ensure that candidates understand and can successfully comply with all of the requirements of a LHDG Assessor.

4. Role of a Livable Housing Design Guidelines Assessor

A Livable Housing Design Guidelines Assessor (LHDG Assessor) is an independent consultant who undertakes assessment of Designs and Final as-built dwellings to determine compliance with the Design Elements and related Performance Criteria in the Livable Housing Design Guidelines.

LHDG Assessors systematically collect, analyse and record information about a dwellings' design features to allow a dwelling to be certified as meeting the guidelines.

All specified professionals can make an assessment of a design of a dwelling against the Guidelines, however only LHDG Assessors can issue the Quality Mark to certify a design or as built structure complies with the requirements of the Livable Housing Design Guidelines. The definition of a 'specified professional' is outlined below.

Scope of Assessments

LHAs approach reinforced the separate and distinct roles of Assessors and Access Institute. It should be noted that Access Institute **could** come to a different conclusion about compliance of a design or as built structure to the LHDG Assessor.

Assessors must consider this carefully when communicating the results of their assessment to clients.

15. Internet access and Wi Fi and Zoom

Access Institute recommends downloading all required reference documents to a computer for ease of storage.

We will be using Zoom for the online delivery. You don't need to download Zoom to participate in the session but you may wish to download this to your computer and have a try in your own time to get an idea of how it works. It is a free program.

<https://zoom.us/>

Access Institute cannot guarantee internet access at any time. If the internet connection drops out whilst the sessions are being delivered live, enrolled students will be provided with instructions of how the session will continue.

16. Accessing the Online Training Sessions

Access Institute will provide students with details of how to access the online sessions.

We understand that remote learning may be new for some students and could be a bit daunting, so we have provided **The A Plan**, which we are planning on as our first preference, but we have also provided **The B Plan** as a back-up. At this unprecedented time of internet use, with so many people now working from home and being online, the biggest threat is that we or you lose internet connection, as it could be overloaded.

Please take the time to **read all of the information below** to make it easier to access the online sessions.

Plan A

We will be using software called **Zoom**. Zoom is more stable and has less chance of dropping out during a meeting. We can deliver a meeting or webinar via this program.

We will forward you a link via email to connect to the Zoom meeting 48 hours prior to Course commencement.

You do not need to download any software (*You can if you wish, download Zoom, it is not necessary. You may however wish to do this and have a practice in using Zoom before the session, to familiarise yourself with it if you wish.*)

Basically we will be having a 'meeting' over the internet. You will be able to see and hear the trainer and also see the PowerPoint or other training material the trainer wishes to show you, on your computer screen.

You will also be able to talk and ask questions and the trainer will be able to talk to you. Everyone will be able to hear and talk to each other just like a live meeting. Therefore, when you are just listening, we ask you to **turn the microphone off on in the Zoom tool bar**, so others cannot hear any background noise that is happening at your end. Just hold down the space bar when you want to talk and when you release it, you will automatically mute again.

We also suggest that you **stop your video in Zoom** so that everyone can't see you or others in the room you are in.

When you have the Zoom screen open, you will see a '**mute**' button for the microphone and a '**stop video**' button on the bottom left hand side of the screen, so you can do this.

If you don't wish to talk, or your computer does not have a microphone, that is also fine. You can ask questions by typing these into a Chat Box. These will appear on the trainers screen but may not be answered straight away. Typically, these would be parked until a suitable break time in the presentation, and then answered by the trainer via audio. The trainer will not be typing replies during the session.

Alternatively, you can **email questions to the trainer after the session** or **make a time to talk with the trainer for a phone call** after the session. You will need to email the trainer to make a time for this.

Resource materials required in class will be uploaded to the Student Portal no later than 48 hours prior to session delivery. Relevant PowerPoints for the session will be loaded onto the Student Portal for viewing in the week after each session.

(If for any reason Zoom dropped out at our end during the meeting, we would need to send you a new link to join a new meeting, so keep an eye on your emails if this were to happen.)

Back up plans if you have internet issues

Plan B

If you have **trouble logging into the meeting via the link** provided **we will also be providing you with a phone number to call in the Zoom invitation**. This will allow you to join the meeting via audio. This may also mean that you can't see the PowerPoint or training materials whilst they are being presented. *(This depends a bit on the internet bandwidth you have and how much load is on the internet at the entire of the meeting).*

However you will be able to hear the presenter. You will still be able to ask questions and join in discussion.

You also have the option of emailing the trainer with any questions or emailing the trainer to make a time for a phone call or Zoom meeting to discuss any questions.

If you have trouble with access to Zoom during the meeting you can call our office on 03 9988 1979 or email at admin@accessinstitute.com.au and we will try and assist you.
