Recognition of Prior Learning (RPL) and Credit Transfer

RPL is the recognition of learning or competencies that have been previously achieved. Once enrolled, students may be able to apply for RPL if they can demonstrate sufficient experience and successfully complete all of the assessment tasks and questions from the relevant units of competency.

Credit transfer allows students to count relevant, successfully completed studies – achieved at TAFE colleges, accredited private providers, professional organisations or enterprises and universities – towards their current course or qualifications.

Credit transfer works by students receiving credit for units they have previously completed and are exempt from retaking them, therefore reducing the study load. Students must provide certified copy of evidence that they have previously completed the relevant units.

CPPACC4005A is a nationally recognised unit of competency from CPP40811 Certificate IV in Access Consulting and CPP50711 Diploma of Access Consulting.

CPPACC4005A Conduct a Building Access Audit Course Information Handbook

If you are interested in RPL or applying for credit transfer, please contact Access Institute prior to enrolment in the course for further information. Note: These documents are copyright© protected and cannot be forwarded to a third party.

WARNING: access to the VETtrak Student Portal requires internet access therefore it should not be relied upon to open these documents during the sessions, particularly if the internet is unstable.

Students must have access to the following documents for every session:

Your:

- Printed copy of the Learner Guide, Assessment Section and reference materials; or
- Your computer on which you've downloaded the Learner Guide, Assessment Section and reference materials.
- You will be provided with a timetable for the course and each session, that will include required reference materials for each session.

Upon Course Confirmation, Access Institute will supply enrolled students with log in details via email. It is essential prior to attending the first session that students have done this as they will need these documents in class.

If you have any queries regarding the above, or any other matter, please contact us at admin@accessinstitute.com.au , or 03 9988 1979.

Internet access and Wi Fi and Zoom

Access Institute recommends downloading all required reference documents to a computer for ease of storage.

We will be using Zoom for the online delivery. You don't need to download Zoom to participate in the session but you may wish to download this to your computer and have a try in your own time to get an idea of how it works. It is a free program.

<https://zoom.us/>

Access Institute cannot guarantee internet access at any time. If the internet connection drops out whilst the sessions are being delivered live, enrolled students will be provided with instructions of how the session will continue.

Accessing the Online Training Sessions

Access Institute will provide students with details of how to access the online sessions.

We understand that remote learning may be new for some students and could be a bit daunting, so we have provided **The A Plan**, which we are planning on as our first preference, but we have also provided **The B Plan** as a back-up. At this unprecedented time of internet use, with so many people now working from home and being online, the biggest threat is that we or you lose internet connection, as it could be overloaded.

Please take the time to **read all of the information below** to make it easier to access the online sessions.

The A Plan

As indicated above, we will be using software called **Zoom**. Zoom is similar to Skype but it is more stable and has less chance of dropping out during a meeting. We can deliver a meeting, webinar or video/teleconference via this program.

We will forward you a link via email to connect to the Zoom meeting. We will aim to do this 24 hours prior to the session.

You do not need to download any software.

Basically, we will be having a 'meeting' over the internet. You will be able to see and hear the trainer and also see the PowerPoint or other training material the trainer wishes to show you, on your computer screen.

You will also be able to talk and ask questions and the trainer will be able to talk to you. Everyone will be able to hear and talk to each other just like a live meeting. Therefore, when you are just listening, we ask you to **mute the microphone on your computer**, unless you wish to speak, so others cannot hear any background noise that is happening at your end. If you hold the space bar down on your computer this will temporarily unmute you, so you can talk. When you release the space bar you will be muted again.

Alternatively, you will see a mute button on the Zoom screen so you can use this.

CPPACC4005A Conduct a Building Access Audit Course Information Handbook

If you don't wish to talk, or your computer does not have a microphone, that is also fine. You can ask questions by typing these into a chat box. These will appear on the trainer's screen but may not be answered straight away. Typically, these would be parked until a suitable break time in the presentation, and then answered by the trainer via audio. The trainer will not be typing replies during the session.

Alternatively, you can **email questions to the trainer after the session** or **schedule a time to talk with the trainer over the phone** after the session. You will need to email the trainer to make a time for this.

We will **upload a copy of any PowerPoint (as a PDF)** that the trainer is using, along with any other resources that are needed for the session, to the Student Portal no later than 24 hours prior to the session delivery.

The B Plan

If you have **trouble logging into the meeting via the link** provided, **we will also be providing you with a phone number to call**. This will allow you to join the meeting via audio. This may also mean that you can't see the PowerPoint or training materials whilst they are being presented. *(This depends a bit on the internet bandwidth you have and how much load is on the internet at the entire of the meeting)*. However, as you will have a copy of the PowerPoint, you will be able to look at it at your end and still follow what is happening, as you will be able to hear the presenter. You will still be able to ask questions and join in discussion.

Therefore, **we strongly urge you to download the PowerPoint to your computer and have access to it during the meeting**. Alternatively print off the PowerPoint in advance so you can go through it manually as the trainer is talking, if necessary.

You will have the option of emailing the trainer with any questions or emailing the trainer to make a time for a phone call to discuss any questions.

If you have trouble with access to Zoom during the meeting you can call our office on 03 9988 1979 or email at admin@accessinstitute.com.au and we will try and assist you.

Assessment

Assessments are conducted in a fair, reliable, valid and flexible manner in line with regulated requirements, to ensure students can achieve competency in a reasonable timeframe. At the start of the training program, Access Institute provides students with assessment guidelines so they are aware of what they need to demonstrate to be deemed competent. Evidence of competency must be authentic, sufficient, valid and current.

A mix of assessment methods will be used. These may include:

- the ongoing testing of knowledge in relation to access to the built environment including legislation, codes and other regulatory requirements, industry terminology and technical requirements

CPPACC4005A Conduct a Building Access Audit Course Information Handbook

- observations by the facilitators (in the classroom and/or the workplace)
- applied and research based assignments assessment tasks
- written workplace-based tasks/assignments
- class exercises, role plays, presentations, group work.
- All materials submitted by students for assessment may be retained by Access Institute for a period of 6 months from the course completion date.
- Students Access Audit Report will be returned once the assessment process has been finalised
- Access Institute recommends that students keep a copy of any assessment materials sent to Access Institute as Access Institute is not responsible for loss of these.
- Further details regarding students results and assessment are detailed in the Access Institute Retention of Student Results and Assessment Records Policy.

Extension of Time to Submit Assessment Material Policy

Access Institute acknowledges that on occasions there may be factors that can impact on a student's ability to successfully complete their studies within the prescribed 2 month timeframe.

Students are therefore given the opportunity to apply for **one** extension of time to submit assessment material beyond the prescribed 2 month timeline, if any of the following factors apply:

1. The student has been ill for more than 1 month within the prescribed 2 month timeline; (a medical Certificate is required to verify this occurrence).
2. A direct family member of the student has been ill for more than 1 month within the prescribed 2 month timeline and the student has been required to undertake 'carer' responsibilities for that family member; a Statutory Declaration is required to verify this occurrence.
3. If the student believes there are other significantly unusual or extenuating circumstances that have impacted on the student's ability to submit the assessment material within the prescribed 2 month timeframe – this does not include 'being too busy'.

Any extension is granted at the prerogative of Access Institute Assessor and Access Institute reserves the right to refuse any application for an extension.

No more than one extension will be granted. A fee of \$50 per application applies.

The maximum time for an extension is an additional 2 months from the initial assessment due date.

Access Institute Policies

Access Institute has a range of policies to support the provision of high quality training and assessment and to support the ongoing professional operation of the organisation.

These include:

Access, Equity and Anti-Discrimination

Access Institute is committed to access and equity principles and processes in the delivery of its services and working environment in accordance with State and Australian Government legislation. In the event of a situation that is considered by either staff or students to be in violation of Access Institute's Access and Equity Policy, staff and students are required to report the situation to Access Institute management. Programs are designed and, wherever possible, facilities set up to enhance flexibility of delivery in order to maximise the opportunity for access and participation by all prospective students.

Any complaint/appeal to Access Institute must be lodged in writing. All written complaints/appeals lodged will be brought to the attention of Access Institute RTO Manager within 24 hours of being received. We will act on any complaint found to be substantiated. The complaint/appeal will be investigated within 14 days. An independent mediator will make final decisions in the event a third party mediator is required.

Access Institute will ensure that as promptly and as fairly as possible, the student making the complaint is satisfied with the remedial action. The student making the complaint/appeal will receive the outcomes/decisions including reasons for the decision in a written statement within 21 working days of lodging their complaint/appeal.

Grievance and appeal matters of an academic nature are to be resolved within one year of course completion date.

Frequently Asked Questions

“Where does the CPPACC4005A – Conduct a Building Access Audit fit in the Australian Qualifications Framework (AQF)?”

The **CPPACC4005A – Conduct a Building Access Audit unit of competency is one of the core units in both the CPP40811 Certificate IV in Access Consulting and CPP50711 Diploma in Access Consulting qualifications.**

These qualifications fit into the Vocational Education and Training Sector. The table below shows where a Certificate IV level and Diploma level qualifications fit into the AQF.

“What does competency mean?”

Competency is the formally recognised ability to perform a task under specified conditions to a precise standard. Units of competency are national industry approved standards that outline the knowledge and skills necessary for effective performance in the workplace. National Training Packages consist of a number of units of competency covering such topics as: OHS, technical skills, communications, quality control and many other aspects of a job. Each unit defines the industry benchmark for performing a workplace task.

“What happens if a student is deemed ‘Not Yet Competent’?”

Access Institute provides learning and assessment support to students in order to help them achieve competency. After 3 series of coaching and reassessments, if students are still unable to demonstrate competency, it is our suggestion that the student resit the program.

“What is the difference between a Statement of Attainment and a Testamur?”

Statements of Attainment and Certificates are issued in accordance with AQF Standards. A Statement of Attainment is evidence that a student has achieved competency set for a unit of competency which forms part of a qualification. A Testamur is issued when a student has been deemed competent in all units that make up a full qualification.
